Hi Kaythi,

Attached are a few edits to the pollinator webpage from the team. In addition, I am attaching the finalized, signed PIDs for imidacloprid, dinotefuran, and clothianidin/thiamethoxam.

I will ask Jon Williams (the CRM for acetamiprid) to send you the signed PID for that case.

Let us know If you need anything else!

Thanks,  
Marianne

Hi Marianne,

Attached you will find the website document with my single comment.

Thank you for the opportunity to review,

Matt

Hi Steven and Matt – Can you please prioritize reviewing the attached web pages and providing any necessary edits on Monday morning? To make sure that the webpages are ready to be updated before the FRN/PIDs publish?

Thanks!  
Marianne

Hi Steven,

I think it's a great idea to update the web all at once. I've attached the latest versions of the web pages, so feel free to suggest edits in these documents. We can meet tomorrow to discuss the edits if needed. I will need to get the edits to the web team by COB tomorrow so that we'll be ready for next week.

**Subject:** Update of Neonicotinoid Webpage as part of PID release

Good morning,

When you have some time, the neonic team here in PRD would like to speak with FEAD about some updates to the neonicotinoid information on EPA's webpage. In anticipation of the Proposed Interim Decisions publishing next week (crosses fingers), we'd like the webpage information to be as up-to-date as possible.
